

## **ST. BENEDICT SCHOOL MANAGING REMOTE LEARNING**

Thank you for partnering with us to provide the best educational experience possible during times of remote learning. To support your child, we offer the following guidelines:

- Work with your child to establish a learning routine that is flexibly aligned to the time they normally learn in school. If at all possible, try to follow the daily schedule as outlined by your child's teacher.
- Set up a learning space for learning hours.
- Contact teachers with any academic questions.
- Encourage use of the school issued Chrome Book for learning times only.
- Check your own email, Dojo and/or Google Classroom often for important messages from the school.
- Please observe teacher work hours and teacher office hours. They will respond to you within 24 hours, but are not expected to do so outside of work hours.
