

## **Appendix C**

# **REMOTE LEARNING PLAN FOR SCHOOL CLOSURES**

Dear Parents,

In the event of a mandated school closure, St. Benedict School has developed a detailed plan to shift to remote learning. We will be regularly updating our school community through a weekly newsletter, Classroom Dojo announcements, and website postings. In additions, teachers will be scheduling regular communication with students and families. We know that a school closure can be a very unsettling time and we want to assure you that our goal is to keep student learning as consistent and meaningful as possible. St. Benedict School is committed to work with families collaboratively and safely in a remote learning environment should the need arise.

❖ **We commit to communicate with each other in the following ways:**

The School will utilize Google Classroom and Google Meet to conduct lessons and communicate assignments during times of remote learning. Learning packets may also be provided to students on a two-week rotation. The Administration, faculty and parents will also utilize Classroom Dojo to communicate important information or questions. Students will be asked to participate in classroom instruction through a virtual classroom or pre-recorded instructional video's. Students will have access to Google Classroom and Google Meet by using a school-issued email. Parents will be provided with student email credentials.

❖ **We will demonstrate our commitment to academic excellence by:**

Academic instruction and provided assignments during remote learning is considered a continuation of the School's educational program in the manner as if the program was being provided on site. Students are expected to do their own work in compliance with all school rules and expectations. Tests and all assignments will count toward a student's grade in the same manner as on site learning.

❖ **We will use technology in a responsible way by:**

The Student/Parent Handbook, including but not limited to the Acceptable Use Policy and other policies and procedures related to electronic communications shall apply to your child's participation in remote learning. You understand and acknowledge that all of the School's policies and procedures apply to students while participating in remote learning, communicate these responsibilities to your child(ren), and ensure they comply with all School policies during times of remote learning.
