

St. Benedict School
Remote Learning
Learning Materials, Devices, Internet Access

Students will need access to certain materials for a successful remote learning experience. Students will take home all textbooks, school supplies and a school issued Chromebook. They will also need access to Internet service. Families that do not have access to Internet service should indicate it on the attached Chromebook release form. Preschool students will not have devices sent home.

Instructional activities will be accessible via Google Classroom and from teacher prepared packets as appropriate. Students will also be asked to participate in one live instructional class per week via Google Meet. Please refer to individual teacher daily schedules Google Meet times/day.
