Notice of Parents Right-to-Know

You have the right to know the teaching qualifications of your child's Title I teacher in a school receiving Title I funds (St. Benedict School). The federal Every Student Succeeds Act (ESSA) requires that any school district receiving Title I funds must notify parents of each student attending any school receiving Title I funds that they may request, and the district will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's Title I teacher, including at a minimum, the following:

- I. Whether the Title I teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- II. Whether the Title I teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived;
- III. Whether the Title I teacher is teaching in the field of discipline of the certification of the teacher; and
- IV. Whether your child is provided Title I services by paraprofessionals and, if so, their qualifications.

If you wish to request this information, please contact the Director of Federal Programs at the number listed above.
